## YOUNG MAN SHOOTS AT OWNER OF FARM

## DETAILS ASKED BY STATE TAX BOARD

**Warrant Issued for Robert Russell, Who Lives in Oard Springs Vicinity, Scott County.**

### SEARCH MADE BY LARGE POSSE

**Trouble Occurs When C. C. Hunt Endeavors to Remove Some Corn From His Land.**

A warrant was issued in Scott county Wednesday for the arrest of Robert Russell, about twenty-six years old, who lives in the Oard Springs neighborhood, just over the Jackson county line, charged with shooting at C. C. Hunt, owner of the farm where the Russells live. The parties are well known in the southeastern part of this county.

Mr. Hunt lives in the north part of Scott county and rents a farm to Calvin Russell, father of Robert Russell. Several days ago the elder Russell and the farm owner had some differences about the division of the corn grown on the farm and Russell told Hunt that he would not move any of it. On Tuesday the elder Russell went away from the place and instructed his son, Robert, to prevent Mr. Hunt from taking any of the corn.

During the day Mr. Hunt returned after what he contends is his part of the corn and as he approached the farm he was told by Robert Russell not to drive on the place. It is alleged that young Russell drew a .44 caliber revolver and began shooting at the owner of the place. He is said to have shot five times, four of the cartridges hitting the wagon and the fifth striking one of the horses.

### ADDITIONAL PLEDGES ARE MADE TO SECRETARY FUND

**Total of \$4,380 Subscribed to Date in the Campaign Conducted by Chamber of Commerce.**

C. D. Billings and Claude Carter, members of the general committee of the Chamber of Commerce in charge of the recent drive for the secretary fund, today reported that additional pledges filed bring the total subscribed up to \$4,380. A few pledges may yet be filed, and some members of the soliciting committees believe that \$5,000 can be raised this year without much difficulty.

It is the opinion of those who conducted the drive that the amount pledged will be sufficient to institute the new plan of activity and that if it proves as successful as is anticipated it is not thought any trouble will be experienced in raising as much money as is needed in the future. The committee having charge of the details of the appointment expects to begin work immediately. The Chamber of Commerce elected N. Kaufman, T. S. Bish and W. L. Federmann as the committee of three to select the large committee which has the responsibility of selecting the secretary.

### Supplemental Information from Individuals and Partnerships Wanted in New Blank.

### FACTS TO BE CONFIDENTIAL

**Balance Sheet Showing Assets and Liabilities Included—Legal Question is Raised.**

All details of the business of individuals, forms and partnerships engaged in manufacturing, merchandising or brokerage business are sought by the state tax commissioners in a new form which has been distributed to many concerns here. Last year corporations were required to give more information regarding their business than unincorporated firms, but this year the broad powers of the state tax board have been extended to include everyone engaged in business.

The new form calls for "Supplemental information," and includes a balance sheet showing the assets and liabilities of each concern. Questions pertaining to foreign corporations are also asked. A note at the bottom of the first page of the supplemental information sheet states that "this is not an assessment sheet, but is to be used as supplementary to the personal property schedule which each of the individuals, forms or companies named above are required to fill out, the same as in former years."

The explanatory note further states that "the balance sheet called for should show the exact condition of business on March 1, 1920, or the condition on the date of invoice nearest that date. If the invoice is of different date from March 1, state date. This report shall be considered by the board of review when reviewing assessments. It is confidential under the statute."

The companies are required to show the amount of insurance carried on its property, including buildings, machinery equipment, material and supplies, merchandise, etc. Then follow a number of cross-questions which will be checked against the personal property schedule filed by the individual owning such business.

### LOCAL MAN TO HEAD RETAIL CLOTHIERS

**W. L. Johnson Elected President of The Indiana Retail Clothiers' Association.**

### SESSION CLOSED WEDNESDAY

**Claude Carter and M. W. Steinwedel Attend Meeting Held at Indianapolis.**

W. L. Johnson, proprietor of the Hub Clothing Store, has been elected president of the Indiana Retail Clothiers Association for the year 1920 to succeed Eli Schloss, of Indianapolis. The annual election of officers was held at the close of the state convention which was held at the Severin hotel in Indianapolis Wednesday.

Other officers elected for the ensuing year were A. R. Seward, Terre Haute, first vice president; Carl Steele, Huntington, second vice-president; A. W. Levi, Indianapolis, secretary-treasurer. The directors elected were Eli Schloss, L. V. Meyers, Flora; O. M. Polk, Newcastle; L. A. Bing, Anderson, and Max Adler, South Bend.

The announcement of the honor conferred on Mr. Johnson came as a surprise to him as he was unable to attend the convention on account of illness. Mr. Johnson was on the program to address the clothiers and was compelled to cancel his engagement on account of illness.

The local man's election was pushed by the Retail Clothiers' Association of the Fourth District, of which organization Mr. Johnson was formerly president. Among the local members of the clothiers' convention present at the state meeting were Claude Carter, of the Carter-Collins Clothing Company, and M. W. Steinwedel.

### COMMISSIONED MAJOR IN MEDICAL RESERVE CORPS

**Dr. C. E. Chenoweth Receives Notice of Appointment Wednesday.**

Dr. C. E. Chenoweth, local physician, received notice Wednesday that he had been commissioned a major in the medical reserve corps of the U. S. army. The appointment means that Dr. Chenoweth may be called during any emergency when the army is called into active service. He is also subject to call for not over two weeks service at any time within one year during peace times.

Dr. Chenoweth served as a captain in the World War and was stationed on the Hawaiian Islands for several months and served over a year in France. He opened up an office in the Dehler building, South Chestnut street, following his discharge from service and is enjoying an excellent practice. Dr. Chenoweth does not expect to be called into service under his new appointment in the near future and probably never will be ordered out.

### BLIZZARDS SWEEP CENTRAL STATES

**Weather Bureau Says Storm Will Continue With "Increased Intensity."**

### TRAINS STALLED IN SNOW

**Traffic and Communication Service Seriously Hampered in Several Sections.**

By United Press

Chicago, March 4—Blizzards which swept the mid-west from Colorado to Indiana and from the Gulf to Minnesota late yesterday and today will continue with "increased intensity," the weather bureau forecast said. Reports today showed the storm letting up in a few sections.

Traffic has been seriously hampered by the blizzard and many towns throughout the middle west were cut off from communication.

Many trains throughout the region were tracked in snow drifts unable to move. Snowshoe runners from Durango, Colorado, left early today to take food to a westbound passenger train stalled in the snow near Cumbres Pass.

Chicago and northern Illinois escaped with driving rain, however, this may turn to snow tonight, according to the forecast. Kansas and other wheat states were blanketed.

The storm developed in the Rocky Mountain regions sweeping east and north. High winds piled the snow in huge drifts.

### SOLDIERS AID MAY HIT OPPOSITION

**Leaders of Both Parties in the House Say Demands of Ex-Servicemen are Impossible.**

### WOULD MEAN BOND ISSUE

**Committees May Offer Such Legislation Within Next Two or Three Years.**

By United Press

Washington, March 4—Leaders of both parties in the house have determined to oppose any soldier aid legislation at this session of congress despite demands by organizations of service men for bonuses, vocational education, farm and home loans.

The position of these leaders is that the value of the large amount of Liberty bonds outstanding would be jeopardized by the issuance of additional bonds necessary to finance any of the soldier aid programs which call for financial outlays ranging from \$2,000,000,000 to \$16,000,000,000.

The market value of government bonds, now around ninety cents on the dollar, would drop down to between 75 and 80 cents and would be necessary to make the interest rate of the soldier aid bonds bear six percent interest, Representative Madden, Illinois, member of the Republican steering committee, and Representative Garner, Texas, Democratic whip, said today. This much of a decline in the price of Liberty bonds would mean a loss to the 19,000,000 bondholders of nearly \$2,500,000,000, Garner estimated.

In addition, the leaders say the program would increase the inflation of credit and send the cost of living up another notch.

Democrats of the ways and means committee are virtually solid in their opposition to bonus legislation. Representatives Kitchin, North Carolina; Null, Tennessee; Rainey, Illinois, and Dickinson, Missouri, have indicated their opposition during the hearings. Among the Republicans, Representative Longworth, Ohio, also a member of the Republican steering committee, does not favor bonus legislation at this time.

As a result of this opposition it seems probable that the committee will give the service men a pledge to enact the legislation they ask within one, two or three years, or at a time when government revenues can be made to approach the expenditures. So far the various service men's organizations have failed to agree on what congress should do for their members, the American Legion, the World War Veterans, the Veterans of Foreign Wars and the private soldier and sailor legion and the rank and file association all presenting different proposals.

### S. PARKES CADMAN.

Widely Known Preacher to Lecture Here Tonight.

Among the greatest orators in the United States today is Dr. S. Parkes Cadman, who will lecture here on the lyceum course tonight at 8 o'clock at the First M. E. church. Admission 50 cents.

Dr. Cadman was born in England in 1864. His collegiate course completed, he came to America and landed at the age of twenty-five without a friend on this side of the Atlantic. Within four years he had been made pastor of the Metropolitan Temple.

This building was enlarged, making it one of the most spacious and beautiful auditoriums of the city, but it proved insufficient for the number who flocked to hear this young man not yet thirty years of age who was then renowned as one of the leaders of the American pulpit and platform.

From that day to this, Dr. Cadman's career has been a national and indeed an international one. He can only devote a limited part of his time to platform work and it is only by a most fortunate chance that it is possible to secure him to speak here.

Mrs. J. J. Baumgart went to North Vernon Wednesday afternoon to visit her mother, Mrs. W. S. Campbell.

Harry St. Clair, who has been spending several days in this city, left this morning for Mitchell.

Mrs. N. Hauersperger has sold her property on East Tipton street, to Andy Maschino, for \$1700.

Mrs. Chester Reed of Columbus, visited her mother, Mrs. Adelia White, Wednesday.

R. L. Moseley returned Wednesday evening from a business visit in Indianapolis.

## Corn Pain Stopped Quick

"Gets-It" Loosens Them So They Lift Off in A Jiffy.

The corn pains cease as soon as a few drops of "Gets-It" reach the corn. It goes out of the hurting business forever.

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Gets-It" dispenses of the corn pains.

"Gets-It" is the unfailing, guaranteed moneyback corn remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago.

Sold in Seymour and recommended as the world's best corn remedy by C. E. Loertz and E. F. Maxon.

## "A Daughter of Two Worlds"

By LEROY SCOTT

FAMOUS HOSIER NOVELIST

Will be Published in Full Page Installments in

### The Sunday Star BEGINNING MARCH 7

Do You Believe It Is Possible For a Girl Brought Up in the Underworld, Daughter of a Notorious Character, to Force Her Way Into Good Society and to Win Love and An Established Position by Sheer Force of Character?

Fascinating JENNIE MALONE, whose passage from the under to the upper world of New York and whose thrilling and romantic adventures en route are described in Leroy Scott's "A Daughter of Two Worlds," is one of the most striking heroines of all fiction. How the fascinating daughter of Black Jerry Malone, the keeper of a low dance hall in New York, was rescued in the very nick of time from her environment and introduced to exclusive New York society through the influence of a former crook is the thrilling basis of this new story by the author of "Mary Regan." The novel tells mainly of her adventures in the second of the two worlds where reminders of

her past appear and result in many dramatic episodes of gripping intensity, through which her amazing career takes her.

LEROY SCOTT, one of the most brilliant of modern novelists, is a native of Fairmount, Ind., but has lived in New York since his graduation from Indiana University more than a score of years ago. He not only made an excellent record as a student in the university, but also a star full back on the Indiana eleven. Among other novels written by Mr. Scott are "The Walking Delegate," "To Him That Hath," "The Shears of Destiny," "Counsel for the Defense" and "Mary Regan."

#### YOUNG MAN SHOOTS AT OWNER OF FARM

(Continued from first page)

Mr. Hunt escaped uninjured. The horse was not seriously hurt.

B. F. Whitson, town marshal at Scottsburg, was notified of the shooting affray and went to the farm with the intention of arresting young Russell. When the officer arrived, however, he found that Robert Russell and his younger brother had fled. A posse of about forty farmers was organized and a search of the vicinity was made for the young man, but he has not been located. The warrant was then issued and he will be arrested as soon as he is located.

Mr. Hunt and the Russells are well known in the northern part of Scott county and in the vicinity of Crothersville. The shooting caused considerable excitement. Sheriffs and police officers in several neighboring cities and counties have been informed of the shooting affray and are asked to watch for young Russell.

## Nature's Strong Man IS THE MAN WITH FRESH, RED BLOOD

The stomach is the center of the body from which radiates our vitality, strenuous, our fighting strength. A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. Dr. Pierce's Golden Medical Discovery refreshes and tones up the stomach walls. Removes the poisonous gases from the system.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the liver, bowels and kidneys. Get Dr. Pierce's

to-day from any medicine dealer; it is a powerful blood purifier and tonic.

Jackson, Mich.—"I feel it my duty to write a testimonial in behalf of 'Golden Medical Discovery,' for the sake of suffering humanity. A couple of years ago I suffered with inflammatory rheumatism. I suffered about five months and then began the use of Dr. Pierce's Golden Medical Discovery. After taking five bottles of the above named medicine, I was completely cured. I have not been troubled with rheumatism since.

"For a blood purifier and the system generally I have never found a better medicine."—FRANK GUNN, 1901 E. Main St.

## They're Here—Those New CHALMERS

IT'S the very car that delighted New York Automobile Show crowds—with a higher radiator and lower body lines.

The windshield is low and the top is low, and you sit snugly in those tilted seat cushions with a comfort difficult to express.

Like the proportions of a fine room the lines of this new Chalmers have a certain evenness, certain engaging dimensions and proper ratios that alone tempt you to reach for your check book.

But only in the body and

bonnet and such things is this a new Chalmers. The chassis is unchanged—well nigh faultless.

Hot Spot and Ram's-horn continue to supply the remedy for the prevailing inferior gasoline of the day.

This is one car in which you have most anything you could wish for—rare ability and richness of line and detail.

The first of these new Chalmers are here; see them without delay.

Obviously, the demand outranks the supply.
